Ms. Kaitlin Eger

Re: Year-End Reports

We received your letter dated 6/5/13 and would like to respond.

We believe the committee was correct in their transfers from the non federal account to the federal account when you look at the information from a true 70 day window. However, your letter inadvertently pointed out an error that we had been making. We had been listing Doug Boyd as fundraising consultant in error. Mr. Boyd is the Treasurer but gets paid a fee for being a chapter coordinator. This position involves organizing and coordinating monthly meetings for members and Board members. It involves no FEA activity and thus we have gone ahead and amended our last two filings of 2012 to correctly reflect Mr. Boyd on the H4.

We apologize for this inadvertent error.
